# Young SKAL

*SKAL International Hawaii continues to move forward with the development of Young SKAL!*

## Young SKAL Mission Statement

*The mission of Young SKAL is to enroll all persons training or working in the sale and or promotion of Tourism worldwide into the movement. The objective is to welcome them into the world of SKAL International and make them familiar with its values: Friendship, Peace, Solidarity, and promoting common, local and international interest in the tourism industry, thus ensuring that once in a managerial position is reached, The Young SKALLEAGUE will continue to support the movement strongly, its ideals and principles and being a leader, to proactively transform the environment in which he/she lives.*

*We will first have the opportunity to welcome staff members from both the University of Hawaii - Travel Industry Management School and Kapiolani Community College - Hospitality and Tourism Education over the next month or two. Once we have addressed any issues for both school and Skal we will move to complete Young Skal applications.*

*I will keep membership advised of the progress of this exciting program.*
